

FC6W51 Work Related Learning (WRL) Form

Student

Student Londonmet ID: 22015727

Student Name: Prasanna Bahadur Chand

College E-mail ID: np01cp4s220183@islingtoncollege.edu.np

Mobile No: 9818972164

Student's work/placement address: Kupondole Rd 10, Lalitpur 44600

Employer

Employer Name: Code Himalaya

Employer's Address including department: Kupondole Rd 10, Lalitpur 44600

Company Supervisor's Name and Position: Ashesh Gurung, Junior React Developer

Company Supervisor's Tel No: +977 9864014315

Company Supervisor's email address: ashesh7272@gmail.com

Work Related Learning Activity

Start Date: 21st August 2023

End Date (if known): 15th December 2023

Your role at the placement (position): React intern

Brief description of your work at the placement: During my first two months as a React intern, I spent my first two months learning core concepts of JavaScript and React, gradually transitioning towards working in a professional environment consisting of professional developers where I communicated with the team to efficiently translate the Figma design of the web application into frontend components.

Proposed learning outcomes from the Work Related Learning Activity:

It is very important that you read the learning agreement guide before filling in this form. You need to list **at least 7 learning** outcomes, and at least **two** learning activities should be closely relevant to the course you are doing at the university.

Learning Outcome ID	Learning outcomes	Activities and tasks	Evidence
LO1	To learn about the fundamentals of JavaScript, and get a solid understanding of ES6 standards required in React.	I will achieve this learning outcome by learning JavaScript through the documentations of Javascript.info and solving problems in CodingJS.	I will provide screenshots of CodingJS problems that I have solved and the materials I have read.
LO2	To get a clear understanding about the real DOM used in JavaScript.	I will achieve this learning outcome by working on solo projects where I make a clock and a to do application using JavaScript.	I will provide screenshots of the code and the projects developed.
LO3	To learn about the different libraries used commonly by the development team, required to work on projects.	I will achieve this by watching different tutorials and going through the official documentations of these libraries and developing small projects related to them.	I will provide screenshots of the projects that I have made.
LO4	To get a clear understanding of asynchronous programming by making requests to an endpoint to fetch dynamic data.	I will achieve this by learning the concept of asynchronous programming, and using different libraries to fetch data from an endpoint.	I will provide screenshots of the materials used to learn asynchronous programming and the screenshots of projects made by me to fetch data from an external source.
LO5	To get a clear understanding of React components and frontend development.	I will achieve this by working with the team on a project to translate UI components into frontend components.	I will provide screenshots of the UI components made by me.
LO6	To develop my teamwork skills by working with a team of skilled developers.	I will achieve this by making collaborative efforts with my team to work towards the same desired goal.	I will provide screenshots of GitLab where I worked with my team on the project.
LO7	To develop my communication skills	I will achieve this by making a presentation	I will provide screenshots of the Google meet where I

	in a professional environment.	to present in front of the team.	presented the requirements understanding of the project.
L08	To develop my time management skills between college time and office time.	I will achieve this by actively organizing and prioritizing my tasks and regularly balancing my college and work schedule.	I will provide my records showcasing my punctuality.
L09	To develop my adaptability skills when faced with new challenges and concepts to learn.	I will achieve this by being ready to learn any new concepts and apply it where needed.	I will provide screenshots where I diligently acquired proficiency in TypeScript and applied my newfound knowledge to the team project.
L010	To develop problem solving skills	I will achieve this by going through different documentations and forums whenever I face any problem so that I can effectively resolve the issue.	I will provide screenshots of different websites that I browsed to solve problems that I faced.
